

HELP BUILD A BETTER FUTURE

MENTOR A ROBOTICS TEAM

Through challenges designed to ignite curiosity and encourage exploration, *FIRST* offers a suite of team-based robotics programs for students aged 4-18.

AS A *FIRST* MENTOR:

- Teach what you know
- Be inspired by students
- Give back to your community
- Build your own skills & resume

Join one of our 50,000 teams across the world.

***THE FIRST* MENTOR NETWORK**

Teams and interested technical or non-technical mentors can easily find each other for virtual or in-person mentorship through the *FIRST* Mentor Network.

CALIFORNIA ROBOTICS

**Help build the
next generation
of innovators!**
