

HELP BUILD A BETTER FUTURE

# ***MENTOR A ROBOTICS TEAM***

Through challenges designed to ignite curiosity and encourage exploration, *FIRST* offers a suite of team-based robotics programs for students aged 4-18.

## **AS A *FIRST* MENTOR:**

- Teach what you know
- Be inspired by students
- Give back to your community
- Build your own skills & resume

Join one of our 50,000 teams across the world.

## **THE *FIRST* MENTOR NETWORK**

Teams and interested technical or non-technical mentors can easily find each other for virtual or in-person mentorship through the *FIRST* Mentor Network.

CALIFORNIA ROBOTICS

**Help build the  
next generation  
of innovators!**
