

HELP BUILD A BETTER FUTURE

MENTOR A ROBOTICS TEAM

Through challenges designed to ignite curiosity and encourage exploration, *FIRST* offers a suite of team-based robotics programs for students aged 4-18.

AS A *FIRST* MENTOR:

- Teach what you know
- Be inspired by students
- Give back to your community
- Build your own skills & resume

Support a *FIRST* team near you!

TECHNICAL & NON-TECHNICAL

Engineering, project planning, fundraising, marketing, and many other skillsets needed to help students grow their own expertise and confidence.

**Help build the
next generation
of innovators!**
